The Cart – 100 Line Limit

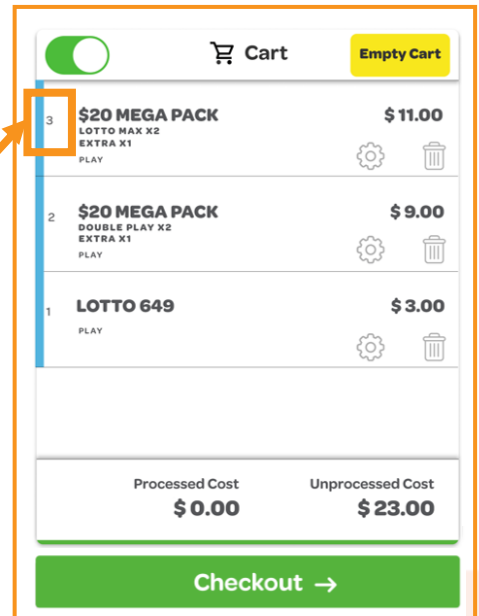

Did you know the Cart has a limit of 100 lines? This information sheet outlines the best practices on how to remain within Cart limits.

What is the Cart Limit?

The Cart has a maximum of **100 lines**, including transactions such as ticket sales, validations, and cancellations.

Free Play Tickets are not included in the Cart limit, meaning you can validate more than 100 Free Play Tickets in a single transaction.

To determine the number of lines in the Cart, refer to the number on the left side of the line item.

Exceeding the 100-Line Cart Limit

Exceeding this limit will display an error message on the Lottery Terminal.

Best Practices

To ensure that the Cart limit is not exceeded:

1. Monitor the number of line items in the Cart.
2. When nearing the 100-line limit, tap 'Checkout' to complete the transaction first, and then start a new transaction to complete the player's remaining request.
