## The General Terminal Report

The General Terminal Report provides a breakdown of every Lottery Transaction completed daily on the Lottery Terminal **from 12:00AM - 11:59PM** and/or manual adjustments that will be reflected on the Invoice. This information sheet explains how to use this feature.

### Navigating to the General Terminal Report:

1. Tap the **Reporting** icon on the left side of the screen.
2. The **General** tab in the top menu bar will be automatically selected.
3. The system **defaults** to selecting all transaction types as shown. To remove a transaction type, tap on the green checkbox.

### How to access & print the General Terminal Report

4. Select **TODAY** to retrieve today's Terminal Report, or
5. Enter a date range in the **FROM** and **TO** fields. Note that the custom date range cannot exceed 31 days.
6. Select Confirm.
7. The preview screen will display the Lottery transactions for the specified date.
8. Tap Print to print a copy of the report. Note that the entire General Terminal Report prints on one slip from the Lottery Terminal.

### Why use the General Terminal Report?

The General Terminal Report is a useful tool for Lottery Transaction reconciliation on a daily, weekly or monthly basis. See page 7 for reconciliation calculation and tips.

The screenshot shows the bclc reporting interface. On the left sidebar, the 'Reporting' icon is highlighted with a '1'. The top navigation bar has the 'General' tab selected with a '2'. A grid of transaction types is shown with green checkmarks, and a '3' is placed over this grid. The main report area shows a 'Report: CUSTOM' for 'Sun 01 Jul 2023 - Sun 01 Jul 2023' for 'Retailer 12345' and 'Terminal 1234501'. It contains two tables: 'Sales' and 'Sales - Commissions'. A '7' is placed over the report content. On the right, a date selection calendar has 'TODAY' selected with a '4'. Below it, the 'FROM' and 'TO' date fields are populated with '01/07/2023' and '31/07/2023' respectively, with a '5' over the date range. At the bottom, the 'Print' button is highlighted with an '8' and the 'Confirm' button with a '6'.

## The General Terminal Report

Terminal reporting is available on a per Terminal basis; therefore, if your location has more than 1 Lottery Terminal, you will be required to pull the General Terminal Report from each Lottery Terminal. This step is recommended for reconciliation purposes.

### General Terminal Report Overview:

Report- CUSTOM  
Date Range  
5-digit Retailer Number  
7-digit Terminal Number  
(5-digit Retailer Number (22445)+ 2-digit Terminal Number (01)  
Date and time report printed

Report – CUSTOM

## The General Terminal Report

### Locations with More Than One Terminal

The General Terminal Report has two sections: 'Per Terminal' and 'Per Store'.

- The 'Per Terminal' section includes Lottery transactions related to sales, validations and cancellations for the specific Terminal it was printed from.
  - Therefore, a report must be printed from each Terminal and the subtotals in the 'Per Terminal' sections added together to complete daily reconciliation.
- The 'Per Store' section contains transactions such as Settlements for Traditional Ticket information and Invoice adjustments. This section is the same information on each report.

## The General Terminal Report

### Calculating Net Amount & Balancing:

Ensure only SALES, VALIDATIONS, CANCELLATIONS and DISCOUNTS are checked before printing:

<input checked="" type="checkbox"/> SALES	<input checked="" type="checkbox"/> VALIDATIONS	<input checked="" type="checkbox"/> CANCELLATIONS	<input type="checkbox"/> FREE TICKETS
<input checked="" type="checkbox"/> DISCOUNTS	<input type="checkbox"/> VALIDATIONS FT	<input type="checkbox"/> COMMISSIONS	<input type="checkbox"/> ADJUSTMENTS
<input type="checkbox"/> SETTLEMENTS	<input type="checkbox"/> RETURNS		

To manually calculate Net Amount:

<b>MANUALLY <span style="color: green;">+</span>/<span style="color: red;">-</span> SUBTOTALS FOR EACH CATEGORY TO CALCULATE <u>NET AMOUNT</u></b>
<ul style="list-style-type: none"> <li><span style="color: green;">+</span> Sales</li> <li><span style="color: red;">-</span> Discounts</li> <li><span style="color: red;">-</span> Validations (includes Vouchers)</li> <li><span style="color: red;">-</span> Cancellations</li> </ul>
<b><span style="color: blue;">=</span> NET AMOUNT</b>

*If you have more than one terminal, combine subtotals from the separate terminal reports.*

### Contributing Factors to Discrepancies in Reconciliation

- Traditional Tickets:** The sale of Traditional Tickets is not included in the Sales subtotal but is 'cash' in your till.
- Terminal Operations:** Incorrectly processing validations, selling and/or cancellations. I.e. paying out a prize without tapping Pay Prize button, forgetting to activate an Activation Ticket.
- Scratch & Win Free Ticket Prize Redemption:** a discrepancy between 'Validations – FT' and 'Sales – Free Tickets' is driven by scanning Traditional Tickets or giving cash in lieu of Free Tickets.
- Pre-Activating Ticket Packs:** When performing pack-activation to activate tickets in advance of the real-time sale, the Sales subtotal will be inflated.
- Selling Inactive Tickets:** If an Activation ticket is sold without being activated, the sale of this ticket is not included in the Sales subtotal but is 'cash' in your till.
- Web Cash, where applicable:** the sale of Web Cash is not included in the Sales subtotal but is 'cash' in your till.

## The General Terminal Report

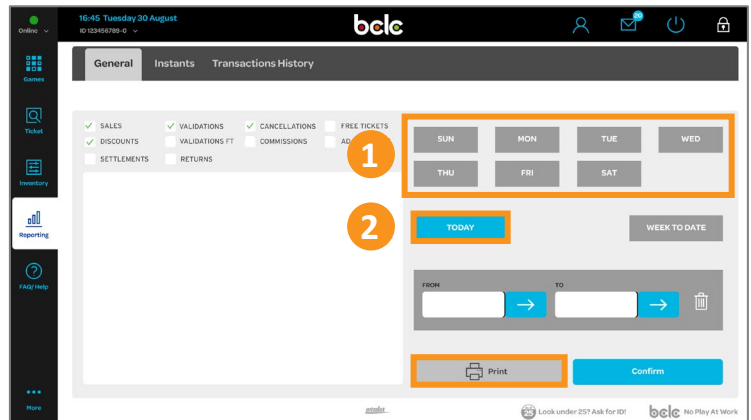

### Printing General Terminal Report – Locations Open Past Midnight

General Terminal Reports run from 12:00AM - 11:59PM daily.

If you sell or validate Lottery products after 12:00AM, you must print multiple reports to balance.

### Closing Staff Responsibilities

1. Print **FULL DAY** Report
2. Print two copies of **TODAY** Report
  - One to balance current business day
  - One to balance tomorrow's business day

### Accounting/Bookkeeping Responsibilities

Review examples below to help balance for each business day

FRIDAY	SATURDAY
+ Friday Report <b>FULL DAY</b>	+ Saturday Report <b>FULL DAY</b>
+ Saturday Report (12AM – Close) <b>TODAY</b>	+ Sunday Report (12AM – Close) <b>TODAY</b>
- Friday Report (12AM – Close)	- Saturday Report (12AM – Close)
= <b>TOTAL FRIDAY SALES</b>	= <b>TOTAL SATURDAY SALES</b>

## The General Terminal Report

### Questions & Answers

#### I have 2 Lottery Terminals at my location, do I need to pull a report from each Terminal?

Yes. For reconciliation purposes, a Terminal Report from each Lottery Terminal report is needed. Note that transactions reported under the **Per Terminal** heading will need to be added together, however transactions reported under the **Per Store** heading reflect the total for the store and do not need to be added together. See page 4 of this Information Sheet for more information.

#### I am in the Hospitality Network and have a Self-Serve Terminal (SST), is reporting available on the SST?

Yes. For more information about the reporting feature in the SST check-out the reporting section for the SST on the Retailer Hub.

#### Does the General Terminal Report replace the weekly emailed invoice?

No. The General Terminal Report **does not** replace the weekly invoice. Continue to use the weekly invoice for your location's sweep day and net amount due.

#### How far back can information be pulled using the General Terminal Report?

Lottery Transaction history began to populate on Lottery Terminal on May 26, 2024. One year of history will be available through the General Terminal Report. **Note:** Lottery Transaction information prior to May 25, 2024, will not be available on the new Lottery Terminal. Please contact BCLC Credit Admin at 1-800-667-0710 or email [KAMAcntCreditAdmin@bclc.com](mailto:KAMAcntCreditAdmin@bclc.com) if more information is needed.

#### What time frame are the transactions on the Lottery Terminal captured?

Lottery Transactions are captured daily on the Lottery Terminal from 12:00AM- 11:59PM.

#### Who do I contact if I have questions about my Terminal Report and the Invoice?

For invoice inquiries, please contact BCLC Credit Admin at 1-800-667-0710 or email [KAMAcntCreditAdmin@bclc.com](mailto:KAMAcntCreditAdmin@bclc.com).

## The General Terminal Report

### Questions & Answers

#### Are Traditional Scratch & Win Tickets added to the Sales section in the new Terminal Report?

No. Traditional Tickets are billed using the 28-day credit terms. These tickets will be included in the Settlements section of the General Terminal Report and on the corresponding invoice.

#### What is the difference between the Validations - FT and Sales - Free Tickets information on the report?

Validations - FT is the validation of the original ticket(s) that won the prize.

Sales - Free Tickets is the sale of the ticket(s) used to payout the Free Play prize(s). In the example on page 5: 1 Lotto Max ticket is scanned for validation, winning Free Play Tickets for a value of \$20. This shows as 1 Lotto Max \$20.00 in the **Validations - FT** section. The Free Play Tickets used to pay out the prize(s) are in **Sales - Free Tickets** section, listed as 4 Lotto Max \$20.00. The player receives 4 x \$5 Free Play Lotto Max Tickets.

#### Will the Validations - FT and the Sales- Free Tickets section have the same subtotal?

They can. However, if a Traditional Ticket is scanned in as the Free Ticket for a Scratch & Win Free Ticket validation it will be included in the **Validations - FT** section but not the **Sales - Free Tickets** section. In the example on Page 5: a \$5 Set For Life IX is scanned for validation, winning a Free Play Ticket valued at \$5. This reads as 1 \$5 Set For Life IX \$5 in the **Validations - FT** section. If a \$5 Traditional Ticket is scanned to redeem the \$5 Free Ticket Prize it will not be captured in the **Sales - Free Tickets** section. This is because Traditional Tickets are reconciled using the traditional 28-day credit terms.

#### Why do I have to calculate Net Amount manually?

The General Terminal Report does not display a Net Amount line item. The report displays amounts as absolute values, without using plus or minus signs. As a result, the Net Amount must be calculated manually by considering the context (whether it is a Debit (+) or Credit (-)) and summing up the relevant values.
