Scratch & Win
Activation Ticket Features

Understand Activation Tickets to effectively manage your Scratch & Win business.
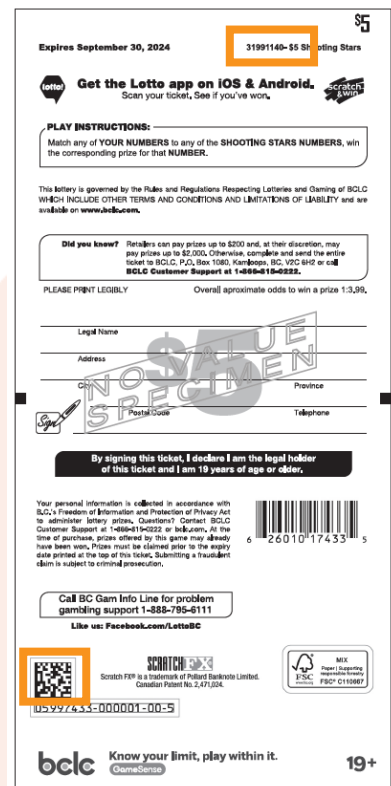

Activation Tickets

"Activation Tickets" include enhance capabilities to support lottery terminal functionality such as Ticket Activation, inventory reporting and next-invoice Payment Terms.

Activation Tickets are:
- Specifically assigned to the Retailer ID.
- 'Inactive' upon delivery to your location.
- Ticket orders must be 'Received' on the Lottery Terminal to enable ticket activation.
- 'Sale and check' capabilities must be activated by the Retailer.
- If not activated, Ticket results cannot be checked for prize redemption
- Integrated with Lottery sales and inventory reporting

Ticket Features

- 8-Digit Game Number
