

Web Cash

Selling at Retail

This information sheet will provide an overview of Web Cash, and the selling process with the rollout of the new Lottery Terminals.

Overview

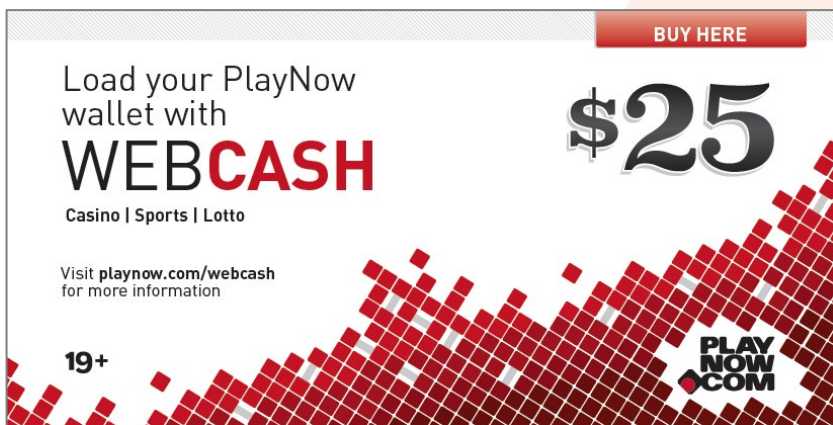

Web Cash is a \$25 voucher for deposit to a PlayNow Player account allowing Players to wager on all PlayNow products.

At the time of the launch of new Lottery Terminals, Web Cash will remain status quo, which includes being:

- Available at select retail locations approved by BCLC.
- Shipped to participating Retailers with their Scratch & Win Ticket order.
- Displayed in the Scratch & Win Display Case and sold similar to Scratch & Win Tickets.
- Maintains 28-days payment terms and appears under Settlements on the Invoice.

Web Cash and the Lottery Terminal

- **Single Web Cash vouchers can** be scanned to Cart for Checkout.
 - This allows for the voucher purchase to be included in the on-screen customer transactions total.
 - Similar to Traditional Scratch & Win tickets, when scanned to Cart there is no financial reporting.
- **Packs of Web Cash vouchers cannot** be scanned to Cart for Checkout.
 - An error will occur. Clear Cart or use the Trash icon to remove the line item if additional items are in the Cart.
