

1.5% Prize Redemption Commission – Invoice Details (Temporary Solution)

1.5% prize redemption commission comes into effect April 1, 2021. As a short term solution prior to new Invoices launching on May 22, prize redemption commission will be applied by combining the existing 1% commission with a temporary adjustment for the additional 0.5%. After the launch of the May 22 new invoices, the prize redemption commission will post as one total.

April 1 – May 21 – Prize Redemption Commission Credit

The additional 0.5% commission will be identified as an adjustment. It will be calculated daily and will display as an accumulated Total for the week on your Weekly Invoice.

On a weekly basis, the 0.5% commission will include ONE day carried forward from last day of the previous week and ONE day less of the current week due (for example, if your sweep day is Sunday, the 0.5% commission credit will include Saturday of the previous week to Friday of the current week vs the standard billing week of Sunday to Saturday).

Prize Redemption Commission Just Got 50% Bigger!

You will be receiving 1.5% for Prize Redemption Commission.

Why is this great for your business?

Every time you execute a Prize Redemption, you earn more money!

Players are more inclined to reinvest their winnings back into the store!

Greater player experience, leads to repeat customers!

Opportunity to earn additional compensation to support your bottom line!

The expectations of our players are increasing, therefore it's critical to your business, and ours, that we continue to find ways to engage and delight our players. This increase in Prize Redemption Commission demonstrates our commitment to supporting your business, as well as, our continued desire to meet the needs of our players.

The Prize Redemption Commission, formerly known as Validation Commission, was first introduced on April 1, 2019. Since then, BCLC has paid out a total of \$8.8M in Prize Redemption Commission to our retail partners.
