PoolApp – A Fun New Player App

BCLC is introducing PoolApp - a free and easy-to-use lottery pool manager for Lotto MAX and Lotto 6/49. With more people working from home these days, PoolApp makes the process of running a group play simple and fun.

Group play purchases are typically a higher price point than the average single player purchase. Promote PoolApp to promote group play purchases at your location.

PoolApp Details:

With the PoolApp, 'group captains' have the ability to:

- Set up group members
- Upload & share ticket images, add notes and share details
- Set jackpot alerts and email draw updates, winnings, and payment reminders

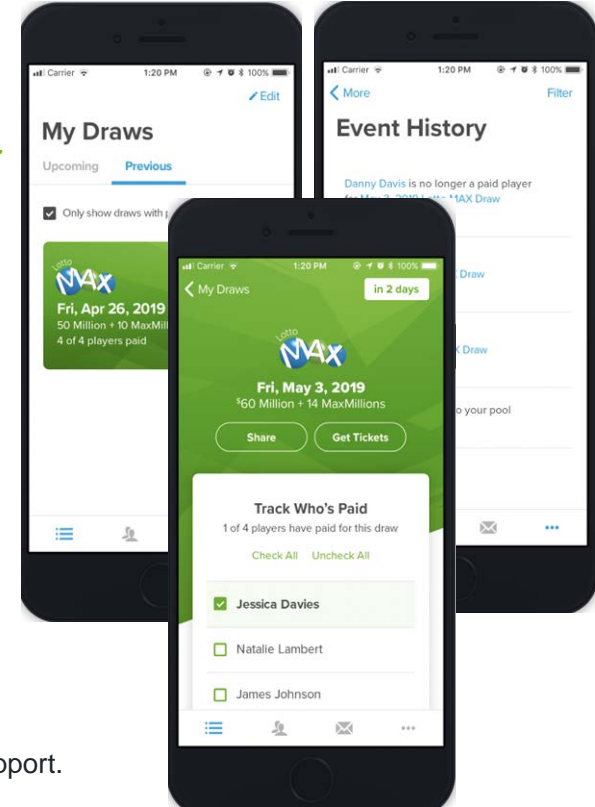

PoolApp is a **non-transactional** app which means players cannot purchase lottery tickets through the app and the physical Lottery ticket purchased at Retail is required for prize claims.

Availability:

- PoolApp is available to download on both Apple iOS and Android devices.
- PoolApp was developed by Atlantic Lottery and is BCLC approved.
- The PoolApp is available in Canada and is not restricted by province.
