BCLC RULES AND PROCEDURES

BCLC requires that all active lottery retailers be certified. The Lotto! Certification Program is part of BCLC's commitment to provide you with the information and tools you will need to sell and validate lottery games with integrity. Following BCLC rules and procedures when selling, validating and paying out lottery prizes builds player trust and minimizes risk of penalties to you and your store.

A LOTTERY RETAILER:

- Handles, sells, cancels, validates or pays out any BCLC lottery products as part of their job
- Operates the lottery terminal or any other piece of BCLC equipment

CERTIFICATION

To become certified, you must complete BCLC Lotto! Certification. You only need to get certified for the type of lottery responsibilities required by the location where you are employed. Certification remains valid as long as you continue to operate the lottery terminal or handle lottery products. Lotto! Certification expires one year after the day you cease to operate a lottery terminal or handle lottery products, or if that date is not known, one year after the date that BCLC is advised of your departure from the retail location where you were employed.

Lotto! Certification Handbook

ID 25

"I will ask for photo ID from a player if they appear to be 25 years of age or under."

It is BCLC policy to check one (1) acceptable form of government issued photo ID for customers who appear to be 25 years of age or younger, before processing any lottery ticket/product purchase, to verify the player meets the minimum age requirement.

In B.C., it is illegal to sell lottery products to players who are under the age of 19. Selling lottery to players who are under the age of 19 can result in potential penalties, including financial remedy or termination of your store's Lottery Retailer Agreement.

NO PLAY AT WORK

"I will not, at any time, purchase, play or validate my personal lottery tickets at my place of employment."

As a lottery retailer, you cannot purchase, play, validate, or use the Check-A-Ticket terminal for personal lottery tickets at work, at any time. As a lottery retailer, you may purchase and play lottery games, just not at your place of work.

It is suggested that family members of lottery retailers (spouse, common-law child or parent) whether residing with the retailer or not should purchase, play or validate their personal lottery tickets at another location to reduce investigation time and possible delays during the prize claim process.

There are no restrictions on lottery retailers or family members playing lottery games online at PlayNow.com, BCLC's website.

LEFT BEHIND TICKETS

"I will report lottery tickets or Self Serve Terminal vouchers left behind to BCLC Lottery Support Hotline immediately."

If you don't report a lost ticket, it appears as though you are playing at work. At the time of purchase, if a customer forgets their ticket do not check or validate the ticket. Call the BCLC Lottery Support Hotline immediately.

LOTTERY PRODUCT TIPS

"I will not accept any lottery product as a tip."

If a player offers you a ticket as a tip, you cannot accept it as this breaks the No Play at Work rule. At the time your customer may want to thank you for a job well done by offering you a lottery ticket or pull tab, do not accept. Ask the customer to cash the ticket in before they leave your location.

Lotto! Certification Handbook

BUSINESS HOURS

"I will not sell lottery products outside of my regular business hours."

You may sell lottery products during your regular business hours only. Your location may further restrict lottery hours for security purposes. Lottery terminals are available to sell lottery products from 4:50 a.m. to 4 a.m. Pacific time, daily; except Monday. On Monday lottery terminals are available from 6:05 a.m. to 4 a.m. Pacific Time. Selling during your business hours helps to establish player trust and confidence, and maintains the integrity of your lottery business.

M	9 am - 9 pm
T	9 am - 9 pm
W	9 am - 9 pm

F	9 am - 9 pm

SIGNING LOTTERY TICKETS

"I will always ask for a signature for every ticket before I validate it."

A signature or initials protects the player and the retailer by making sure the same ticket is returned to the player. If a ticket is not signed, ask the player to sign or print their name on the ticket. If a player refuses to sign the ticket, do not validate it. Advise the player to call BCLC Customer Support for prize payout instructions. It is also good practice to advise your player to sign their lottery ticket at the time of purchase.

RETURN ALL TICKETS AND VALIDATION SLIPS TO THE CUSTOMER

"I will always return all lottery tickets and slips to the player."

It's important to pass the ticket, validation slips and prize across the counter, making all the slips accessible to the player. This includes winning and non-winning tickets.

VALIDATIONS

TYPES OF LOTTERY TICKETS

ONLINE TICKETS:

Printed and validated by the lottery retailer using the lottery terminal. Players have one year from the draw to validate winning online tickets and claim their prize.

SCRATCH & WIN TICKETS(S&W):

Tickets that require players to scratch the latex covering to determine if the ticket is a winner. Scratch & Win tickets are validated by the lottery retailer using the lottery terminal. The expiry date can be found on the back of the Scratch & Win ticket.

VOUCHERS:

These are issued by Self Serve terminals located in BCLC Hospitality locations. They are redeemable at any lottery retail location across BC. Expiry dates are printed on the front of the voucher. Players have one year from the date of issue to validate vouchers. To validate a voucher, simply follow the same procedure used for validating an online lottery ticket.

COUPONS:

These are distributed to customers by BCLC to promote specific games. Instructions to redeem a coupon can be found on the back of the coupon or call BCLC Lottery Support Hotline for assistance.

VALIDATION EXPECTATIONS

Only validate lottery tickets:

- That are signed
- Bought in BC
- That are original, not photocopies
- That are not damaged or altered

Call BCLC Lottery Support Hotline at 1.800.667.1649 if you have any questions or concerns.

CAN CUSTOMERS CHECK THEIR OWN LOTTERY TICKETS?

Players can check Online and Scratch & Win tickets using a Check-A-Ticket terminal. Check-A-Ticket terminals are located at every retail location across BC. The Check-A-Ticket terminal displays whether the ticket is a winner or not. If the ticket is a winner, the Check-A-Ticket terminal will indicate the prize amount. Customers may also check their Online tickets at www.bclc.com or by using the draw results. It is always good customer service to print up to 10 copies of the draw results the day after the draw occurs.

3 STEPS TO VALIDATING A TICKET

Step 1:

Get a signature on the ticket.

Step 2:

Scan and validate the ticket using the lottery terminal.

Step 3:

Return everything to the player.

STEP 1: GET A SIGNATURE ON THE TICKET

Check that the ticket is signed or initialed. If it is not signed, ask the player to sign it.

Why is this important?

Player protection: By signing their ticket the player will know that it is their ticket being returned after the validation process.

Retailer protection: As a retailer you are protecting yourself and ensuring the player is confident you are returning the ticket they handed you.

Mystery Shops: Mystery Shops are conducted to ensure lottery retailers are following BCLC rules. Having the player sign or initial the ticket before you scan it, protects you from penalties.

Lotto! Certification Handbook

STEP 2: SCAN AND VALIDATE THE TICKET USING THE LOTTERY TERMINAL

Never pay a prize without validating the ticket on the lottery terminal.

Validating the ticket on the lottery terminal protects you from paying out a prize that may be invalid, fraudulent or already paid.

STEP 3: RETURN EVERYTHING TO THE PLAYER

When returning everything to the player, it's important to pass the ticket, validation slips and prize across the counter, making all the slips accessible to the player. Everything belongs to the player.

INVALID VALIDATIONS

If you make **three** unsuccessful attempts to manually validate a lottery ticket, your lottery terminal will deactivate. You will not be able to sell or validate any lottery tickets until BCLC reactivates your terminal. If your lottery terminal freezes, immediately call the BCLC Lottery Support Hotline.

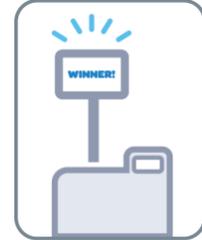

Repeat violations resulting in lottery terminal freeze may be investigated and can lead to disciplinary action.
